Typing and Autotext

Basic Typing

Key	Function
Letters (A B C...)	Press these keys to type lowercase letters.
Space	Press the Space key to type a blank space.
Cap + letter	To type upper-case letters, press the Cap key then press a letter key. Alternatively, you can briefly hold down a key to capitalize a letter.
Alt	Press and hold the orange-colored key (called the Alt key) to type the numbers and symbols printed in orange at the top of each key.
Alt + Cap	To set the Cap lock, simultaneously press the Alt and Cap keys. Press Cap again to release the lock.
Alt + Num	To set the Num lock, simultaneously press the Alt and Num keys. Press Num again to release the lock.
Enter	Press the Enter key to insert a carriage return. You can also press Enter (instead of clicking the trackwheel) to select a highlighted icon or object on the screen.
Backspace	Press the Backspace key to delete a character to the left of the text cursor.
Del	Press the Delete key to delete a character to the right of the text cursor. (RIM 957 only)

Autotext Features

Item	Description
Capitalization	Words at the beginning of sentences are automatically capitalized.
Punctuation	Pressing Space twice inserts a period (.) and a space automatically at the end of a word or sentence. The next word is capitalized.
Spelling	Commonly misspelled words are corrected. For example, thier is replaced with their .
Abbreviations	Abbreviations and acronyms are replaced with complete words. For example, mo is replaced by month .
Variables	Typing ct (for current time) automatically inserts the time. Typing td (for today's date) automatically inserts the current date.
Special Symbols	In email addresses, press Space twice to enter an @ symbol. Press Space again to enter a dot (.) in an email address. Press Space again to automatically enter a com suffix. You can continue to press Space to cycle through .com , .net , .gov , and .org suffixes.
Numbers	In fields where numbers are expected, you can type numbers without using the Alt key (for example, when you enter a contact's phone number or use the Calculator).

Note: Click Preferences  > Autotext to customize Autotext settings.

Common Tasks

General Tasks

Item	Description
Power On	On the RIM 950, click the trackwheel. On the RIM 957, press the silver button.
Power Off	Click Quick Settings  > Turn Power Off. Press and briefly hold down the silver button. (RIM 957 only)
Scroll	To scroll up/down, rotate the trackwheel. To scroll horizontally, hold down Alt and rotate the trackwheel.
Copy	In a text screen, press Shift (Cap or Num) and rotate the trackwheel to select text. Then click and choose Copy from the context menu.
Paste	In a text screen, click to set the text insertion point. Then click and choose Paste from the context menu.
Set Password	Click Preferences  > Security. Then choose Password > Enable. Important: Once a device is locked, entering an incorrect password more than ten times will automatically remove data from your device.
Set Notifications	Click Preferences  > Notifications.
Appointments on home screen	Click Preferences  > Home Screen > Show calendar appointments.
Delete items	Select the item. Then click and choose Delete from the menu. To delete multiple email messages, press Shift (Cap or Num) and scroll to select more than one message. Then, click and choose Delete from the menu.

Email Tasks

Item	Description
Creating a message	Click New Message  . Type an email address or choose a contact from the list of contacts. To send, click and choose Send from the menu.
Viewing attachment	Open the message. In the header, click the title of the attachment. Then click and choose Open from the menu.
Filing a message	Select message. Then click and choose Move from the menu. Click the folder you want to move the message to.

Contacts Tasks

Item	Description
Adding contact	Click Contacts  . Then click and choose New Contact from the menu. Include a first or last name for the contact.
Finding contacts	Click Contacts  and begin typing in the Find field. Contacts whose first or last names match the text you type appear in the contacts list.
